TURN THEM INTO CLIENTS

Closing, follow-up, objections and a 90-day sales target

Most owners don't have a lead problem. They have a 'waiting for the next reference' problem.

A good month feels like skill. A quiet month feels like bad luck. Neither is a plan. In three evenings you build the plan, with AI doing most of the work.

Before you decide.

The questions business owners ask us most, answered plainly.

Why is the price only ₹99?

Because commitment matters more than money. People who pay show up and build.

I am not technical. Can I do this?

Yes. If you can type a WhatsApp message, you can use the AI assistants.

I do not have a business yet.

You can still join and build the plan for the business you want to start.

Do I need to spend on ads?

No. There is no ad spend during the hackathon.

What if I miss an evening?

Join the next batch. The hackathon is live, so be there for all three evenings.

How do I get the Zoom link?
